West Tennessee Training Administrator

JOB SUMMARY: The Training Administrator will provide education and consultation necessary for nurses to deliver optimal newborn clinical care in their West Tennessee health care institutions. Duties of this position include but are not limited to planning and teaching neonatal courses for the West Tennessee region; providing consultation regarding standards of care for institutions in the West Tennessee region; and preparing and teaching Level-III/In-service classes at the Regional Neonatal Center. **REQUIREMENTS:** MSN (Neonatal Clinical and Education Specialty preferred) with current Tennessee licensure; five years experience in neonatal nursing; two years neonatal teaching experience. Over-night travel is required; ability to travel extensively within the 21 counties of West Tennessee; ability to travel 150-350 miles and teach 6-8 hours a day. **PROOF OF LICENSE IS REQUIRED.** Contact Mario Hunt, University of Tennessee at 901-448-5608 or email him at mhunt11@utmem.edu.

Neonatal Nurse Practitioner

The neonatal program at Virtua Health System is looking to add 2 NNPs to its established group of 7 NNPs and 8 Neonatologists. The program is responsible for 2 clinical services (a Regional Perinatal Center: 5,500 deliveries/yr. and a community level 2 ICN: 2,500 deliveries/yr.) and is well supported by pediatric subspecialists and perinatology. An excellent opportunity is offered to experienced NNPs as well as new graduates. The position offers a very competitive salary and a competitive benefit package. Virtua is located in suburban Southern New Jersey and is close to Philadelphia. Contact Information: M. Watson, Virtua Health, 101 Carnie Blvd., Voorhees, NJ 08043 or call 856-925-3953 or email mwatson@virtua.org.

NICU NEONATAL NURSE PRACTITIONER

The Hospital of Saint Raphael has an immediate full time opportunity available for a Neonatal Nurse Practitioner to complement our existing practitioner group of PA's, NNP's and attending neonatologists at a 9 bed level IIB nursery with approximately 1,500 deliveries and expanding high risk services. Responsibilities include attendance at deliveries of newborns, newborn resuscitation, daily management of infants being cared for in the Newborn Intensive Care Unit and consultations from the well nursery under the direction of the attending Neonatologist. Must be a graduate of an accredited NNP program with eligibility for CT license.
